OK - I updated Shawn on your last markup. He likely will call the Secretary to coordinate on the rollout and how the more detailed info of your implementation plan might be shared or available at the time of the announcement. Important details for folks who will ask.

Thanks - Jon

Looks like the week of the 7th, Jon. The Gov is doing a farm visit to roll it out. That's what set it back.

Dana

I am updating Shawn this afternoon on this. When you refer to rollout the first week of December do you mean next week or the following week.?

> A few additional points of information. We anticipate going "public" with the new strategy paper during the first week of December. By that time, our reshuffling of the organization should be complete, and thus I'll actually have staff to

work on the detailed implementation plan and the response letter we owe you on the CBIG and CBRAP applications. I sincerely hope to have both of those documents to you by December 10th or so.
